latex-toolbox

one-stop-shop for replacing your word processor with LaTeX

robertgzr

`https://git.sr.ht/~robertgzr/latex-toolbox`

January 13, 2023

Why even do this?

- because you can
- LATEXis fun (at least for me)
- results are reproduceable
- generated content is easy to integrate (templating via handlebars, etc.)
- with templates most documents are faster to write

Pros / Cons
basically: LaTeX vs. something like Microsoft Office™

- see previous slide

- LaTeX can be annoying
- and verbose
- and hard to debug
